

PARC MODULAR BENCH

Shown with powdercoated chocolate (g) steel frame,
carson profile, powdercoated chocolate (g) steel seat,
and ovalized diamond seat pattern

Parc is our customizable bench specifically designed for outdoor spaces. Parc features multiple profiles, patterns, and finishes to meet specific aesthetic needs. All parts and finishes are interchangeable, lending to exciting and unique design possibilities. Solid construction ensures product durability. Each profile is constructed of fully welded 1/4" steel with clear anodized standoffs and stainless steel hardware. The underlying structure connecting each profile is fully welded steel angle. The bench seat is constructed of formed 1/8" steel that is mechanically attached to the underlying angle structure. We are able to cut into the bench seat patterns such as leaves, geometric shapes, or leave the bench seat plain. All components are pre-drilled to make assembly a breeze.

installation & maintenance

Units come preassembled. Tamper-proof stainless steel mounting hardware is provided to securely anchor product in place. Powdercoated surfaces can be cleaned using a clean, soft, non-abrasive cloth with warm water and mild detergent. Other commercially available all-purpose cleaners such as Simple Green® can be used to clean and protect all surfaces. Denatured alcohol and a clean, soft, non-abrasive cloth can be used to clean oils left on all stainless steel surfaces. Commonly available cleaners such as Weiman®, Zep®, 3M®, Simple Green®, and other stainless steel cleaners can also be used to clean and protect all stainless steel surfaces. Avoid abrasive cleaners and cleaners containing chlorine on all surfaces.

specifications subject to change without notice

These are the standard material and finishing options we offer for customization. Every component can be customized to suit your vision. The modularity lends itself to multiple and exciting design configurations that can be tailored to an individual's taste. For options such as powdercoating, give us a call - we have an array of colors to choose from. If you have a unique finish or exotic material in mind for a certain component that we do not list, let us know and we may be able to implement it into your design.

Need to find out how much your design will cost? Just fill out the estimation form and you will be contacted to discuss your project. If you have a unique finish or exotic material in mind for a certain component that we do not list, fill in the appropriate field with the manufacturer's product code or a short description. Components listed as optional are not required to have a complete product. Have multiple designs in mind? Just fill out and fax or email a seperate form for each configuration.
